

**FLOORSURE**  
CARPET TILES

# ACADEMY

COLLECTION

The Academy collection of Floorsure™ carpet tiles is comprised of three unique tile patterns; a base Grey stripe, complemented by four solid bright colors and four accent highlight tiles. This interesting blend of solid color and accent tiles makes the Academy collection perfect for mixing and matching to create unique floor patterns, ideal for education and office spaces.

A substantial component of the face pile layer in Floorsure™ carpet tiles is comprised of recycled ECONYL yarn, made from regenerated nylon fibers recovered from fishing nets, fabric scraps, carpet flooring and other industrial waste. Such sourcing and manufacturing efforts are just one of the means through which Axiom is attempting to 'close the loop' on the circular economy.
