TIMELESS BEAUTY

A new collection inspired by natural Pierre de Bourgogne, a stone that has played a leading role in the history of French architecture. Strong and essential, stone is the archetypal everlasting, indestructible material. With the aid of a look that has helped to write history, the collection responds to today's latest architectural trends, expressing the exclusive, impeccable style that is contemporary beauty. A special honing process gives the material a soft gleam that adds stylish, iridescent glints to design schemes. A mood of sophisticated elegance offers architects and designers fresh, unexplored expressive paths. Pietra di Borgogna is also available in outdoor version for a trendy total look. Porcelain stoneware delivers supreme technical performance and maintains the exceptional beauty of the inspiration stone intact over time.

FOUR COLOURS

Rich and variegated, a ceramic surface expressed in the colours of modernity.

2 SURFACE FINISHES

Slight, irregular marks recall fossil shells, while delicate variations in colour mask the strength of a ceramic material with outstanding technical properties.

TOP PERFORMANCE
FOR OUTDOOR SPACES

Chateau 20mm offers the chance to develop extremely aesthetically pleasing external spaces without compromising on technical expertise. The specific qualities of Chateau 20mm allow you to perfectly integrate the material in the surrounding environment, making it possible to create walkways and outdoor paths easily and effectively. The thickness of Chateau 20mm guarantees excellent resistance, making it ideal for use in both indoor and outdoor public spaces. Chateau 20mm is easy to lay on grass, sand and gravel. By gluing it down to screed it is possible to create industrial and commercial paved driveways. Ideal for access ramps and garages. Chateau 20mm is ideal for the creation of cavity floors.

The bevelling of the edges that characterizes the smaller sizes, is eliminated in 120x120 - 47^{1/4}°x47^{1/4}° to further enhance the modernity and sobriety of the maxi format. We therefore recommend an exclusive laying of 120x120 - 47^{1/4}°x47^{1/4}° and not to mix it with other formats.
